Members of New York Americans Want Quick Division of Third Place Money.

[By Associated Press.] JACKSONVILLE, FLA., March 29. Some of the members of the New York American League club were reported to have threatened a strike in a warm discussion today with Colonels Ruppert and Huston, the owners, shortly before the team went on the field and gave Florida fans a treat by trouncing the Chreimati Reds by the score of 8 to 7.

Pratt, Shawkey, Peckinpaugh bearded the colonels in their hotel, acting as a committee for the players, to demand a new deal on the "divvy" of the \$13,909 third-place money, regarding division of which there has been much discussion. The players declared they had about \$70 apiece coming, and they wanted a decision, right off the bat, so to speak. In effect, Ruppert and Huston told them it was against. the custom to discuss such a matter with the players instead of the manager, but that they would announce their decision Wednesday.

Fratt was said to have retorted that ported to have threatened a strike in they would amounce their decision Wednesday.

Fratt was said to have retorted that that would not be satisfactory, and that an immediate decision was wanted. The owners were adamant, and the committee consulted with the other players, during which the advisability of striking and refusing to cross bats with the Reds was discussed.

But Colonels Ruppert and Huston did not recede in the face of a threatened strike and the men hustled to the field and won a good game.

Tonight it was reported that one or more of the Vankees probably will be traded as a result of the threat.
